## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1 – 10 and 14 – 16 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, the prior art does not teach or render obvious the total combination as claimed including a method of clearing a jam from an image forming device, the method comprising the steps of determining the position of the media sheet at the time of the media jam based on media jam statistical information stored within a controller, determining which one of a plurality of access points provides access to the media jam in a least damaging and ergonomically correct manner and displaying the one of the plurality of access points to an operator.

With respect to claim 7, the prior art does not teach or render obvious the total combination as claimed including a method of clearing a media jam from an image forming device comprising the steps of determining a location of each of the media sheets along the media path based on statistical information stored within a controller, displaying the number of media sheets within the media path, determining which of a plurality of access points are to access and remove each of the media sheets and displaying the plurality of access points that are to be opened in an order of priority to remove the media sheets and cause a least amount of damage to the device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2854

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
